

GHOST FERN *Athyrium 'Ghost'*

  \updownarrow 60 cm / 24" \leftrightarrow 45 cm / 18"

Upright growing, silver-white fronds. Leaves age to light green with new fronds appearing throughout the season. An excellent choice mixed with other shade plants for added contrast.

GODZILLA FERN *Athyrium 'Godzilla'*

  \updownarrow 100 cm / 40" \leftrightarrow 60 cm / 24"

Large, upright growing, green and silver fronds that are tinged with pink. Great mixed with other shade plants for added contrast.

LADY IN RED FERN *Athyrium filix-femina 'Lady in Red'*

  \updownarrow 60 cm / 24" \leftrightarrow 45 cm / 18"

Lacy, bright green fronds on red stems form an upright plant. An excellent choice mixed with other shade plants for added contrast.

METALLICUM PAINTED FERN
Athyrium niponicum 'Metallicum'

  \updownarrow 60 cm / 24" \leftrightarrow 60 cm / 24"

Silvery-metallic fronds make this cultivar one of the most popular. Evenly moist soil, grown in afternoon shade will provide the best effect.

BRILLIANCE AUTUMN FERN
Dryopteris erythrosora 'Brilliance'

  \updownarrow 45 cm / 18" \leftrightarrow 45 cm / 18"

Very showy fern with new fronds that are copper-coloured maturing to green. Great for any woodland setting or shady area of the landscape.

NATIVE FERN *Matteuccia struthiopteris*

  \updownarrow 40 cm / 16" \leftrightarrow 45 cm / 18"

Upright growing fern with green fronds that arise straight up. This native to the Prairie's fern is a perfect choice for shady areas.

CINNAMON FERN

Osmunda cinnamomea

  \updownarrow 60-90 cm / 24-90" \leftrightarrow 90 cm / 36"

This variety has large triangularly-shaped leafless cinnamon brown fronds shooting up in late spring.
