

GHOST FERN *Athyrium 'Ghost'*

   60 cm / 24"  45 cm / 18"

Upright growing, silver-white fronds. Leaves age to light green with new fronds appearing throughout the season. An excellent choice mixed with other shade plants for added contrast.

GODZILLA FERN *Athyrium 'Godzilla'*

   100 cm / 40"  60 cm / 24"

Large, upright growing, green and silver fronds that are tinged with pink. Great mixed with other shade plants for added contrast.

LADY IN RED FERN *Athyrium filix-femina 'Lady in Red'*

   60 cm / 24"  45 cm / 18"

Lacy, bright green fronds on red stems form an upright plant. An excellent choice mixed with other shade plants for added contrast.

METALLICUM PAINTED FERN
Athyrium niponicum 'Metallicum'

   60 cm / 24"  60 cm / 24"

Silvery-metallic fronds make this cultivar one of the most popular. Evenly moist soil, grown in afternoon shade will provide the best effect.

BRILLIANCE AUTUMN FERN
Dryopteris erythrosora 'Brilliance'

   45 cm / 18"  45 cm / 18"

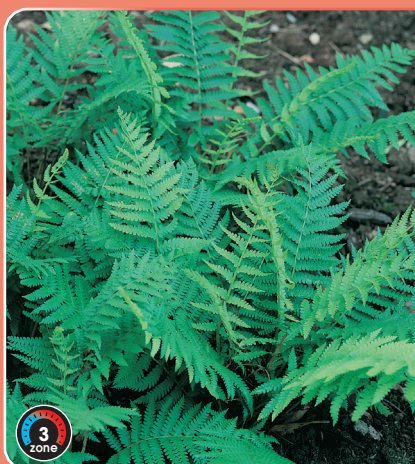

Very showy fern with new fronds that are copper-coloured maturing to green. Great for any woodland setting or shady area of the landscape.

NATIVE FERN *Matteuccia struthiopteris*

   40 cm / 16"  45 cm / 18"

Upright growing fern with green fronds that arise straight up. This native to the Prairie's fern is a perfect choice for shady areas.

CINNAMON FERN

Osmunda cinnamomea

   60-90 cm / 24-90"  90 cm / 36"

This variety has large triangularly-shaped leafless cinnamon brown fronds shooting up in late spring.

BIG BLUE STEM *Andropogon gerardii*

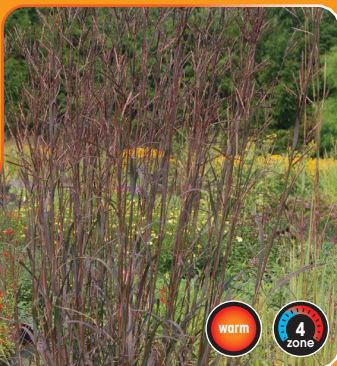

☀️ ⬆️ 1.5 m / 5' ⬅️ 1 m / 3' 🌸 July-August

Blue-green foliage provides excellent screening. Native to the prairie habitat. Seed heads are a wonderful addition to fall flower arrangements.

BLACKHAWKS BLUE STEM *Andropogon gerardii* 'Blackhawks'

☀️ ⬆️ 120-150 cm / 4-5' ⬅️ 30-60 cm / 1-2' 🌸 August-September USPP#27949

Dark green upright foliage begins to turn red in the cool nights of August and becomes a ravishing nearly black color by September. Propagation is prohibited. North American Native Grass.

HOLY SMOKE BLUE STEM *Andropogon gerardii* 'Holy Smoke'

☀️ ⬆️ 1.5 m / 5' ⬅️ 60 cm / 2' 🌸 August-October PPAF

Rigid red flower stems rise to five feet over 75 cm (30") stands of upright/arching foliage. Leaves take on beautiful purple and pink fall hues. Propagation is prohibited.

RAIN DANCE BLUE STEM *Andropogon* 'Rain Dance'

☀️ ⬆️ 120 cm / 48" ⬅️ 60 cm / 24" 🌸 August-October USPP#26284

Upright growing ornamental grass with narrow green blades with red highlights that change to burgundy in autumn. Propagation is prohibited. North American Native Grass.

VARIEGATED OAT GRASS *Arrhenatherum bulbosum* 'Variegatum'

☀️ ⬆️ 30 cm / 12" ⬅️ 30 cm / 12"

The leaves have white margins with a deep bluish-green strip running down the middle. Mid-season trim will stimulate fresh new growth.

BLUE GRAMA GRASS *Bouteloua gracilis*

☀️ ⬆️ 30-45 cm / 12-18" ⬅️ 45-60 cm / 18-24" 🌸 June-August

Hardy prairie grass which grows upright. Blue-green foliage is offset by showy seedheads in summer. Great low maintenance grass.

LIGHTNING STRIKE FEATHER REED GRASS *Calamagrostis x acutiflora* 'Lightning Strike'

☀️ ☀️ ⬆️ 90 cm / 36" ⬅️ 90 cm / 36" 🌸 June-September

Wide, creamy-white stripe in the centre of the green leaves. Purple-pink plumes appear in summer and last well into the fall.

KARL FOERSTER FEATHER REED GRASS *Calamagrostis x acutiflora* 'Karl Foerster'

☀️ ⬆️ 120 cm / 48" ⬅️ 60 cm / 24" 🌸 June-September

2001 Perennial Plant of the Year! A strong upright grass with white feather plumes that turn to tan seed heads. Great for winter effect.

OVERDAM VARIEGATED FEATHER REED GRASS *Calamagrostis x acutiflora* 'Overdam'

☀️ ⬆️ 80 cm / 32" ⬅️ 45 cm / 18" 🌸 June-September

Compact-sized grass produces striking blades of white and green. Does well in heavy clay soils.

NORTHERN LIGHTS TUFTED HAIR GRASS *Deschampsia cespitosa* 'Northern Lights'

☀️ ⬆️ 60 cm / 24" ⬅️ 45 cm / 18" 🌸 May-October

White and green striped leaves that show pink-purple tints in cool weather. An easy to grow ornamental grass requiring little maintenance.

BLUE DUNE WHEATGRASS *Elymus arenarius* 'Blue Dune'

☀️ ☀️ ⬆️ 60-80 cm / 24-32" ⬅️ 60-80 cm / 24-32" 🌸 July-August

Coarse, silvery-blue foliage. Slightly arching, upright clump topped by wheat colored plumes. Very heat tolerant. Used for erosion control, hillside plantings, and container plantings.

ELIJAH BLUE FESCUE *Festuca glauca* 'Elijah Blue'

☀️ ⬆️ 30 cm / 12" ⬅️ 30 cm / 12" 🌸 August-October

Holds its blue colour very well throughout the season. Great as edging or in mass plantings.

SAPPHIRE FOUNTAIN OAT GRASS

Helictotrichon sempervirens 'Saphirsprudel'

☀️ ⬆️ 45 cm / 18" ⬅️ 45 cm / 18" 🌸 July-October

Clump forming cool season grass with wiry blue-grey leaves.

SWEETGRASS *Hierochloa odorata*

☀️ ⬆️ 60 cm / 24" ⬅️ 45 cm / 18" 🌸 July-August

Ornamental grass that is known for its narrow, green upright growing foliage that is vanilla scented. Feathery, white flowers appear in mid-summer.

FIRE DRAGON MAIDEN GRASS *Miscanthus sinensis* 'Fire Dragon'

☀️ ⬆️ 180-215 cm / 78-84" ⬅️ 90-120 cm / 36-48" 🌸 July-October USPP#30374

Unique, upright selection with striking, fall foliage hues in brilliant orange, vermilion, and carmine. Abundant silky, silvery-white flower heads. Tidy clumping habit. Propagation is prohibited.

HURON SUNRISE MAIDEN GRASS *Miscanthus sinensis* 'Huron Sunrise'

☀️ ⬆️ 150-175 cm / 59-70" ⬅️ 58-89 cm / 23-35" 🌸 Fall PPAF

Full, burgundy plumes sweep the sky and remain standing through winter. Propagation is prohibited.

LITTLE MISS MAIDEN GRASS *Miscanthus sinensis* 'Little Miss'

☀️ ⬆️ 60-90 cm / 24-36" ⬅️ 60-90 cm / 24-36" 🌸 July-October USPP#28849

Lush green foliage emerges early spring, graduating to brilliant carmine and purple tones in summer, intensifying in fall. Red plumes mature to buff. Propagation is prohibited.

PURPLE FLAME GRASS *Miscanthus sinensis* 'Purpurascens'

☀️ ☀️ ⬆️ 120-200 cm / 4-6' ⬅️ 60 cm / 24" 🌸 August

Another outstanding form with wider leaves that turn red in the late summer changing to deep purple as the weather cools. A must for the fall and winter garden.

VARIEGATED PURPLE MOOR GRASS *Molinia caerulea* 'Variegata'

☀️ ⬆️ 60 cm / 24" ⬅️ 75 cm / 30" 🌸 August-October

Cool season clump forming grass with seed heads that come out purple and brown as they mature.

APACHE ROSE SWITCH GRASS *Panicum virgatum* 'Apache Rose'

☀️ ⬆️ 120 cm / 48" ⬅️ 75 cm / 30" 🌸 July-August CPBR#5651, USPP#29142

Gray-green leaves form a strictly upright, dense clump. Rose-colored flower panicles and leaf tips in fall. Propagation is prohibited.

HEAVY METAL SWITCH GRASS *Panicum virgatum 'Heavy Metal'*

☀️ ⬆️ 120 cm / 48" ⬅️ 60 cm / 24" 🌸 August-October
Vertical growing ornamental grass with blue-green narrow foliage. Buff-coloured flowers in mid-summer.

NORTHWIND SWITCH GRASS *Panicum virgatum 'Northwind'*

☀️ ⬆️ 150 cm / 60" ⬅️ 75 cm / 30" 🌸 August-October
Wide, olive-green foliage and attractive narrow plumes. Strong upright growth. Great in mass plantings.

RED SWITCH GRASS *Panicum virgatum 'Haense Herms'*

☀️ ⬆️ 100 cm / 40" ⬅️ 100 cm / 40" 🌸 August-October
Warm season spreading grass with blue-green foliage changing to shades of red in autumn. Pink seedheads appear in late summer.

PURPLE FOUNTAIN GRASS *Pennisetum rubrum*

☀️ ☀️ ⬆️ 90 cm / 36" ⬅️ 75 cm / 30"
Popular ornamental grass with purplish-green foliage creating a fountain-like effect and is accented by reddish flower plumes in mid-summer into fall.

STRAWBERRIES & CREAM RIBBON GRASS *Phalaris arundinacea 'Feesey'*

☀️ ☀️ ⬆️ 60 cm / 24" ⬅️ 90 cm / 36"
New growth in spring features stripes of pink, green and cream. Heat tolerant. Good in patio pots. May become invasive.

BLUE HEAVEN LITTLE BLUESTEM *Schizachyrium scoparium 'MinnblueA'*

☀️ ⬆️ 90-120 cm / 3-4' ⬅️ 60-90 cm / 2-3' 🌸 Summer USPP#17310
Bright steel-blue foliage with purple highlights turns a colorful mix of purple, red, pink and orange in fall. Propagation is prohibited.

PRAIRIE BLUES LITTLE BLUESTEM *Schizachyrium scoparium 'Prairie Blues'*

☀️ ⬆️ 90 cm / 36" ⬅️ 45 cm / 18"
Upright growing ornamental grass known for its grey-blue narrow foliage with tinges of red.

INDIAN GRASS *Sorghastrum nutans*

☀️ ⬆️ 90 cm / 36" ⬅️ 60 cm / 24" 🌸 September-October
Noted for its upright form and blue-green foliage. Foliage turns orange-yellow in fall.

GONE WITH THE WIND PRAIRIE DROPSEED GRASS *Sporobolus heterolepis 'Gone With The Wind'*

☀️ ⬆️ 90-100 cm / 36-40" ⬅️ 50-60 cm / 20-24" 🌸 August
Its short, green foliage is topped by wispy, airy and aromatic tan flower panicles. The plant, as the name suggests, gently sways with the wind, creating unique movement in the garden. Foliage takes on red overtones in late fall.

PRAIRIE DROPSEED GRASS *Sporobolus heterolepis*

☀️ ⬆️ 75 cm / 30" ⬅️ 60 cm / 24" 🌸 August-September
This native prairie grass is rich green and creates a wispy look in any landscape. Airy, tan flowers appear in late summer.

CARNABY CLEMATIS *Clematis 'Carnaby'*

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 1 m / 3' 🌸 May-June, August
Deep pink petals with a darker stripe. Free-flowering form. Attractive seed heads when flowers finish extends interest.

COMTESSE DE BOUCHARD CLEMATIS *Clematis 'Comtesse de Bouchard'*

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 1 m / 3' 🌸 July-September
Large 15 cm (6"), light pink blooms produced in abundance from June to September.

GILLIAN BLADES CLEMATIS *Clematis 'Gillian Blades'*

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 1 m / 3' 🌸 May-June, August
Beautifully shaped, 15-20 cm (6-8") large, pure white flowers with frilled edges and cream stamens. In cool weather or part shade the margins of each tepal can take on a lavender tone.

JACKMANII CLEMATIS *Clematis 'Jackmanii'*

☀️ ☀️ ⬆️ 4 m / 12' ⬅️ 1 m / 3' 🌸 June-September
A stunning display of violet-purple blooms that has decorated the prairies for many years.

JOAN PICTON CLEMATIS *Clematis 'Joan Picton'*

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 1 m / 3' 🌸 May-June, September
Large, lilac-pink flowers. Ideal vine for covering a fence, arbor, tree trunk or woody shrub.

POLISH SPIRIT CLEMATIS *Clematis 'Polish Spirit'*

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 1 m / 3' 🌸 June-September
Very prolific bloomer from June through September. Large 10 cm (4"), deep purple blooms.

RAIN DANCE CLEMATIS *Clematis 'Rain Dance'*

☀️ ☀️ ⬆️ 105 cm / 42" ⬅️ 75 cm / 30" 🌸 May-July USPP#33875
Incredibly large 6,3-8 cm (2.5-3"), outward facing indigo-blue flowers with darker midribs and lighter margins. Useful as a ground cover or over slopes. Propagation is prohibited.

ROUGE CARDINAL CLEMATIS *Clematis 'Rouge Cardinal'*

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 1 m / 3' 🌸 June-September
A stunning 10 cm (4") flower colour of velvety red, with a satin sheen to the tepal surface, fading as the flower ages.

AUTUMN REVOLUTION™ BITTERSWEET
Celastrus scandens 'Bailum'

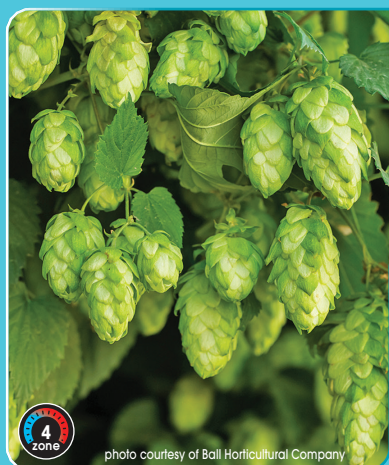

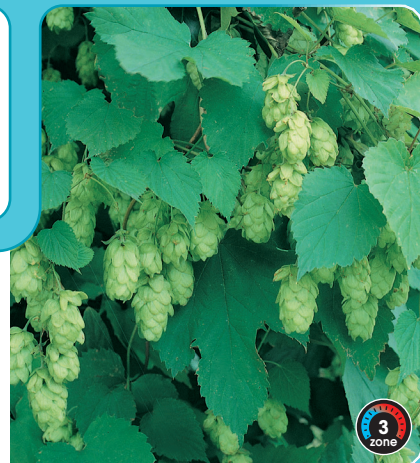

☀️ ⬆️ 8 m / 26' ⬅️ 3 m / 10' 🌸 June USPP#19811

This hardy, vigorous bittersweet boasts perfect flowers, both male and female parts in spring, followed by very large berries early fall. Retains its bright colors when dried and is excellent choice for floral arrangements. Propagation is prohibited.

CASCADE HOPS *Humulus lupulus 'Cascade'*

☀️ ⬆️ 6 m / 20' ⬅️ 2 m / 6' 🌸 May-June

Very popular variety with a moderate bitterness level and fragrant, flowery aroma. Cascade is often used in ales that have a citrus-floral hop character.

NUGGET HOPS *Humulus lupulus 'Nugget'*

☀️ ⬆️ 5 m / 16' ⬅️ 1 m / 3'

The greenish-yellow, cone-like flowers smell like beer. Use as a screen or ground cover. Needs structural support. Cut to the ground in spring.

WILLAMETTE HOPS *Humulus lupulus 'Willamette'*

☀️ ⬆️ 6 m / 20' ⬅️ 2 m / 6' 🌸 May-June

Vigorous vine with fruit used to flavour beer. Light green foliage. Mild flavouring.

DROPMORE SCARLET HONEYSUCKLE
Lonicera x brownii 'Dropmore Scarlet'

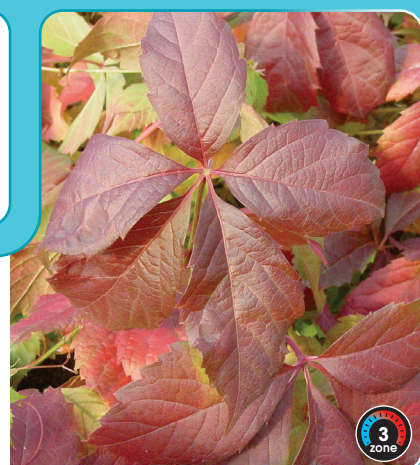

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 2 m / 6' 🌸 June-July

Cascading vine is very low maintenance with orange-red, trumpet-shaped blooms.

VIRGINIA CREEPER *Parthenocissus quinquefolia*

☀️ ☀️ ⬆️ 6 m / 20' ⬅️ 1-1.25 m / 3-4'

Attractive late summer fall colour with blue berries that attract birds. Requires support or use as groundcover.

ENGLEMAN IVY *Parthenocissus quinquefolia 'Engelmannii'*

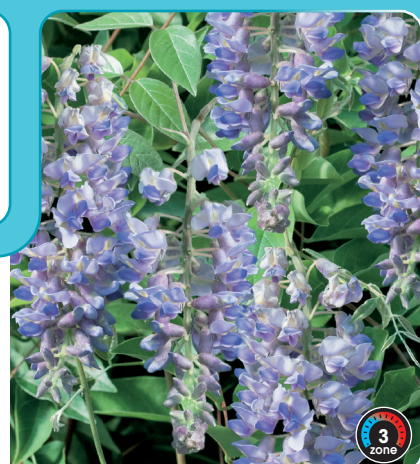

☀️ ⬆️ 6 m / 20' ⬅️ 6 m / 20'

Vigorous grower, ideal for screening as no support is required. Blue berries attract birds and brilliant red fall colour.

BLUE MOON WISTERIA *Wisteria macrostachya 'Blue Moon'*

☀️ ☀️ ⬆️ 5-6 m / 15-20' ⬅️ 1.2-1.5 m / 4-5' 🌸 June-July

A vigorous hardy vine. The long racemes of fragrant, pea-like medium blue flowers bloom all at once in June/July giving a wonderful display. These racemes transform into a velvety bean-like seed pod.
